

Solutions for **SKIN CONTACT APPLICATIONS**

Marian is a global leader in providing precision medical converting, multi-layer lamination, packaging, and clean room processing for the healthcare and biomedical markets. Marian has the experience and capabilities to manufacture high quality solutions that meet the stringent specifications of the medical market. Marian's services and capabilities are vast, providing support for product development to clinical trials through final production.

Marian has a sophisticated quality system that is built for the requirements of medical applications. Marian is FDA registered as a medical device and OTC drug manufacturer and packager. They are ISO 9001:2015 certified, ISO 13485:2003 certified, and cGMP compliant.

Solutions for SKIN CONTACT APPLICATIONS

THIN, FLEXIBLE MEDICAL GRADE MATERIALS

- Medical grade pressure sensitive adhesives & tapes
- Skin contact gentle release tapes
- Foams and sponges
- Fabrics, filters and mesh
- Membranes and films

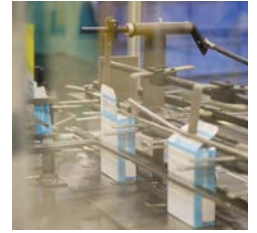

MANUFACTURING CAPABILITIES

- Precision medical converting
- Narrow width slitting
- Multi-layer lamination
- Island placement
- RF and Sonic welding
- Tight tolerance manufacturing

PACKAGING CAPABILITIES

- Automated cartoning
- Pouches: barrier, heat-seal, cold-seal
- Thermoform packaging
- Blister & clamshell packaging
- Printing & labeling
- Product assembly (kitting)

COMMON APPLICATIONS

Advanced Wound Care

- Wound dressings
- OTC bandages
- Device fixation
- Ostomy care
- IV dressings
- Composite dressings

Health & Beauty

- Cosmeceutical pads
- Scar therapy patches
- Anti-wrinkle pads
- Wart removal products
- Under-eye pads

Wearables & Diagnostics

- Health monitors
- Electrode pads
- Glucose monitoring
- Wearable sensors
- Security/ID device
- Other device components

Trauma Care/ Pre-hospital

- Wound seals & vents
- Trauma kit components
- Device fixation
- Occlusive dressings
- IV dressings

A global leader in providing precision die-cut component parts for customers across many markets all over the world.
