

VHB TAPE STRIPS ON ROLL FOR VENDING MACHINE

CHALLENGE: Customer looking for different types of fastening systems for new and refurbished beverage buttons for vending machines. The fasteners needed to look aesthetically clean and perform well in extreme conditions.

MATERIAL: 3M™ 4945 VHB

- Improved installation process
- Created a strong bond without the additional weight of screws and fasteners
- Performed well in a variety of temperatures

SOLUTION: Custom VHB Tape Strips on Roll

- Parts provided kiss-cut to liner
- Pull-tabs were added for easy removal and efficient assembly by customer
- Strips were cut precisely to exact length for easy application
